## OUR FIRST WEEK IN SCOTLAND!

### Saturday 12<sup>th</sup> September

Today we travelled from Spain to Scotland. We took the plane very early in Barcelona. In London we waited for one hour more or less. After that we took a connecting flight to Edinburgh.

There we went to the Mackenzie School and we got separated in pairs and we met our host families.

## Sunday 13<sup>th</sup>

We went to Stirling castle. It was very big and nice. Then we had lunch in a park, and played one game, the trust game. We were sitting on the lap of the partner behind us. We formed one circle. Then we visited a museum and we put on dresses. It was very funny! After that we visited Wallace monument. He fought for Scotland's independence. it's very beautiful. And then, we got on the bus and went to our house. That was a nice day.

## Monday 14<sup>th</sup>

We started our classes in Scotland. The first day we took an exam. After that we did the first class. At midday we had lunch. We ate a packed lunch (sandwich, crisps, and fruit.) In the afternoon we went to the city centre of Edinburgh. There we did some activities to know the city and bought some things. In the evening we had a party in the school. At the end we all went to our house.

## Tuesday 15<sup>th</sup>

This morning we did the same as the other days. We got up at 7.00 and we had a shower. Then we got dressed and had breakfast. After that we went to school by bus. When we arrived, we played pool or table tennis. When all classmates were at the school, we started the classes. We worked a lot.

We had a sandwich with tomatoes and cheese for lunch. It was very good! Then in the afternoon we visited Edinburgh castle. I think it is very beautiful and very big! Then we just went shopping and everybody went to their house by bus.
